

Dear Parent,

In these stressful times we are confronted daily with the possibility of disasters, both manmade and natural.

Seismologists tell us that we are past due for an earthquake of great magnitude. In this event, roads may become impassable and experts predict that your child could spend up to three days at our school.

Your child's welfare is important and in the event of an emergency, such as a devastating earthquake or lockdown we must be prepared. In order to care for all of our children in case of such a disaster, our school is in the process of obtaining Kits for Kids. We require that each child have a standard emergency supply kit so that they are equally protected.

We have researched the available options and have found the Kit for Kids to provide the items necessary for survival at an excellent price. The kit has a 5-year shelf life, meaning it won't need to be replaced until it expires in 5 years. The food is flavorful and has the proper nutrition and recommended vitamins and minerals, and is not thirst provoking. There is a 3-day supply of food and water in each kit. Contents are as follows:

- 1 - 2400 calorie food ration (Apple Cinnamon Flavored)
- 3 - 8.5 ounce Boxes of Water (U.S. Coast Guard Approved)
- 1 - 12 Hour Light Stick or Flashlight and Batteries
- 1 - Solar Blanket
- 3 - Wet Napkins
- 1 - FEMA Emergency Checklist

Thank you for helping us to provide for and protect our children.

Sincerely,

Please return this portion along with \$ 20⁰⁰ to school as soon as possible.
