
CLASSROOM PHILOSOPHY

We believe that children learn best in an environment that is loving, warm and nurturing, one that provides a limitless variety of experiences both in and out of the class room. Our goal is to provide activities and experiences which build self-esteem and help the child develop a healthy self concept.

Hours: 6:00 a.m. – 7:00 p.m.

PROGRAMS

TWO YEAR OLD PROGRAM

We support the toddler in self oriented experiences that are appropriate to the child's developmental level. We provide a physical environment that stimulates large muscle development with soft, low carpeted structures. Small muscle development is encouraged with colorful manipulative toys. Story time, music and arts and crafts are every day activities, as is outdoor play in our safe, toddler appropriate play yard.

PRESCHOOL PROGRAM

We provide a well planned structured program that includes music, arts and crafts, science, reading and number readiness, listening and following direction skills, colors, shapes and other concepts that are age appropriate for young children. We also teach computer skills.

SCHOOL AGE PROGRAM

We provide both before and after school care for your school age child, allowing time for arts and crafts, sports, socialization with friends and especially time for homework. We work with the children on their homework and each week reward our best homework achievers with a special prize!

SUMMER CAMP

Our summer camp is exciting, with field trips to many local points of interest as well as many exciting crafts and activities that follow our weekly themes!

STAFF

Staff members are trained in Early Childhood Education as well as CPR and First Aid. They are Highly qualified to provide a loving and warm environment where children will learn and grow.

All of us at Kids 'n things pride ourselves on our personal touch – we want you to feel welcome here at Kids 'n things – our doors are always open, and we welcome your visits. Come often and visit with the teachers and stay and chat a while. We want you to be part of our KIDS 'N THINGS FAMILY!
